To whom it may concern:

I was the appointed chairman for the Atlantic County Republican absentee ballot campaign. We had 18 coordinators throughout Atlantic County to increase Republican participation in the absentee ballot process. The 18 coordinators had First Tuesday access and in the privacy, of their home, were able to identify and contact Republicans that traditionally do not vote in off year elections. We were very pleased to significantly increase Republican participation in the absentee voting process. Republican return of their ballots, was 90% and the Democratic return of their ballots was 58%. It is empirically clear the success of our Vote by Mail campaign was due to First Tuesday's ability to identify, contact, and follow up on our targeted list. Republican victories, in Atlantic County, was the best in many years and First Tuesday was an integral part of our success.

Sincerely yours;
